Session: 2810

Mechanisms of Immune Tolerance to Allergens

Saturday, February 23, 2013: 4:45 PM-6:00 PM

1.25 CME/ 1.50 CE

Moderator: Monica Vasudev, MD

Learning Objectives:

1. Review mechanisms of immune tolerance by T and B regulatory cells
2. Discuss how IL-10 and TGF-b induce tolerance
3. Understand how IgG4 regulated

The Moderator has no financial relationship to disclose.
