4006 Seminar: How to Get Your K Award Applications by a Mock Study Section

Primary Discussion Leaders:
- Nora A. Barrett, MD FAAAAI
  Lawrence J. Prograis Jr., MD
  Joshua A. Boyce, MD FAAAAI

Learning Objectives:
1. Describe the peer review process for K award applications
2. Describe common strengths and weaknesses in K award applications as identified by reviewers
3. Apply knowledge of common review concerns to the preparation of a competitive K award application

NIAID Career Development Awards (Ks)

K08: Mentored Clinical Scientist Research Career Development Award (Parent K08)
K23: Mentored Patient-Oriented Research Career Development Award (Parent K23)
K24: Midcareer Investigator Award in Patient-Oriented Research (Parent K24)
K22 (PAR): NIAID Career Transition Award (K22)
K99/R00: NIH Pathway to Independence Award (Parent K99/R00)

NIAID supports only 1 year of a mentored phase (K99) and 2 years of the independent (R00) phase. This is a deviation from the support from all the other ICs.

K01: Mentored Research Scientist Development Award (Parent K01)

NIAID Career Development (K01) Awards in Epidemiology, Modeling, and Outcomes Research

K25: Mentored Quantitative Research Development Award (Parent K25)
